

5G KNOWLEDGE SUMMIT

5G Knowledge Summit (5G-KS)

An Initiative by NanoCell Networks and CEWiT

What is 5G KS?

A NanoCell and CEWiT initiative to bring together various players in the 5G ecosystem to share/enhance knowledge and cooperation; similar to Wi-Fi knowledge summit (www.wifi-ks.org)

Vendors/ R&D/Govt./Chipset companies/Service Providers/Operators/Academics .. are expected to participate

Sharing of technical insights by professionals involved in 5G without marketing or sales oriented motive

What will be the content in 5G-KS?

Pre Summit Event

Certification Courses on 5G

Training programs developed and certified by NanoCell and CeWIT starting from the basics to the advanced. Involvement of other professionals working in 5G expected; this is to help people gain knowledge in the latest areas

5G KNOWLEDGE SUMMIT

Insights from experts on standards, technology, regulation, products, and deployments by specialists; panels to debate and discuss key matters

Why should we attend 5G-KS?

- To gain 5G knowledge from experts who are attending standards and delivering training to corporates all over the globe at an economical rate.
- To hear from various players in the 5G ecosystem in one place and network with professionals working in 5G.
- To publicize product/services/other roles by setting up sponsorship booths
- Academicians and students to gain knowledge from industry experts

How can I Participate in 5G-KS?

- Register for training programs at a nominal cost and/or the summit to gain from the experience
- Sponsor the summit by setting a booth to publicize your company's activities in 5G.
- Volunteer a speaker role to help the ecosystem gain from your specialized knowledge
